FOR TRIAL.

THE DAILY BULLETIN.
THURSDAY EVE., JULY 17, 1884.

Fifty convicts are at work on the Pleasant Springs Turnpike in Nicholas County.

The convention will assemble promptly at one o'clock this afternoon, and it is probable that the friends of Lucy, Turner and Hallan will control the organization against Ward as a combination is said to have been agreed upon last night.

The Directors of the Kentucky Trotting Horse Breeders' Association met at Lexington and decided upon October 13 to 16 inclusive, as the time for holding their fall trotting meeting, and arranged a splendid programme for each day.

Mrs. LUCAS, widow of the murdered Owensboro, Ky., jailer, has been appointed his successor, with her brave sixteen-year-old son as deputy, until a successor shall be elected in August.

HON. R. P. FLOWERS, of New York, is perfectly satisfied with the National Democratic ticket and will give it his warm support. He says Cleveland will carry that State by not less than 60,000 majority.

W. H. BROWN, of the Police Gazette, New York, is in Louisville to sell that sheet on the streets, get arrested, and test the law passed by the legislature, prohibiting the sale of such obscene papers.

Prior to July 4th, when prohibition went into effect in Iowa, and to-day, in nearly every town in the State outside of the river towns, not a drop of whisky nor a glass of lager is to be had. Prohibitionists of the State are organizing to enforce the law in the river towns.

The Tammany Democracy of the Fourteenth New York district have adopted, unanimously, the following resolution: "That the Tammany Association of the Fourteenth district, give to Cleveland and Hendricks their hearty support. That they will work for the nomination and for association with honest Democrats any person who professing to be such, in his heart, supports the nomination."

There were thirty-five deaths from cholera in Marseilles, and twenty at Toulon. It is estimated that thirty thousand people have died, from Marseilles. About Toulon the disease is spreading through the country, and there is the greatest distress. The Chief of police of Toulon was one of the victims.

Mr. F. H. HULL, of Lewis County, is formally announced as a candidate to represent this district in Congress, subject to the action of the Democratic party in convention. Mr. Hull is one of the leading Democrats of his county, and served most acceptably in the Lower House of the Legislature. He is a clear-headed, sensible man.

SECRETARY FREDERICKHSUSSEN has adopted prompt and effective measures to prevent the introduction of cholera into the United States. He instructed the consular officers at London, Liverpool, Marseilles, Havre, Bordeaux, Bremen and Hamburg at once to appoint competent physicians to inspect all vessels and passengers departing for the United States from those ports. The consular officers referred to are instructed to refuse clean bills of health in all cases except upon the recommendation of the Sanitary Inspector. The consuls are instructed to report by cable any case of infections or contagious disease.

The following is from the Courier-Journal: Father McGlynn, of St. Stephen's Church, New York, is indignant because the enemies of Governor Cleveland sought to fight him over the shoulders of the Catholic Church: "When asked his views upon the nomination, he said that personally and as a citizen he rejoiced in his nomination, because he believed it was in the interest of good, pure, simple and honest government. It would therefore be for the good of the whole people. As a clergyman he recognized the duty of carefully avoiding even the appearance of abusing in the slightest degree the influence of his sacred calling in the interest of partisan politics, but just because he is a Catholic clergyman he had felt it to be his right and his duty to denounce, when called upon as he did in last Monday's issue of the World, the crime and folly of those who had abused the sacred name of religion by saying that the Catholics, as such, would oppose the Governor. Dr. McGlynn asserted that both as a Catholic and a clergyman he rejoiced particularly in the nomination, because, besides its other good points, it administered a well-deserved rebuke to the crime and blunder."

She Answered Him.

"This is very poor hash, Mrs. Shave-penny," said young Crimbo-neck to-day, as the presidents of the largest cotton-mills have, reluctantly, agreed to reduce the working mistress the other morning. "Well, Mr. Crimbo-neck," replied the amiable woman, who had made an unsuccessful attempt to wring \$5 on account of Crimbo-neck five minutes before, "you know, to the poor all things are poor!"

A BAD CROWD.

Horsewhipping Ladies and Shooting at Harmless Editors.

CHARLESTON, S. C., July 17.—A few days ago the *Charleston Daily News* published in the *Charleston Sun* an account of a conference of "greenback cranks" at Cash's Station, S. C. A. Johnson, of Marlboro County, participated in this political conclave, and was greatly pleased to meet the men he had known. Johnson followed Thomas to a saloon in Beaufortville, S. C., and demanded satisfaction. Thomas struck at him, when Johnson drew a pistol and would have killed Thomas but for the timely intervention of friends. Thomas lay on his own pain, and dares Johnson to attempt pistol practice again. Mr. Henley, editor of the Wadesboro (N. C.) *Intelligence*, has stepped into the ring and denounced Johnson as a "harmless editor" and "inoffenses woman." Several days ago, according to Henley, Johnson horsewhipped his two daughters because they had spoken to a young man against his express will. The belliegarians all live in a warlike section, and further developments are looked for.

GALLOWS CANDIDATES.

Member of the Hill Boys Jesus James.

CHARLESTON, W. Va., July 17.—At 10 o'clock last night Judge Frank Guthrie, of the Kanawha Circuit, held a special session of court and sentenced Charlie Spurlock, a negro, to death for the killing of James Jackson, who was a white man, and not his master, Jack Woods, near St. Albans, in this county, in the latter part of April. Spurlock is to be hanged on October 17 next. His only remorse, when the sentence was pronounced, was that he had been given a trial, and he was condemned to death for a lesser offense than murder in the first degree when brought on trial, for he said last night that he did so "fear of the mob, but he denied ever killing any one. William Coleman, alias John Coleman, colored, who shot and killed Fred Gandy, a white man, at St. Albans, on the South Side, last October, was sentenced by the same judge to be hanged on the same day as Spurlock. It has been many years since there was a legal hanging here. Coleman's case will be taken to the Superior Court.

SPRITED CONFLICT.

Nip and Tuck Twixt the Lightning, a Negro and a White.

CATRO, Ill., July 17.—Four miles above are during a heavy thunder shower went into a cotton field to rest. A white negro, sought shelter under a large oak tree, and a bolt of lightning struck it, splitting it to the ground, knocking Morris and the negro senseless, stripping the negro's clothing, nose stockings from his body, and tearing his clothes. Morris, who was in the field, a negro, clung to the limb of the dead tree, and, after the lightning had struck, was hauled up by his friends, who were in the field, dragging him across the field, dragging the unfortunate negro, who clung to the limb of the dead tree, over the rough field, finally checking up in a fence corner, where he fell exhausted. Morris regained his breath but will die.

THE PEDAGOQUES

Tolding a Brilliant National Convention at Madison, Wis.

MADISON, Wis., July 17.—The Capital city never had a more brilliant assembly than it did last night in the hall of the National Educational Association, which began its convention yesterday. The attendance included nearly 5,000 teachers, from all parts of the United States and Canada. The capital illustrated the educational system of the country, and with other lights, and over the eight arches to the park are arches of gas jets in red, white and blue.

The session of the educators opened with evolution and the development of music. Address of welcome followed this morning by Governor Rusk, General Birkhead and others. President Birkhead's address was then made. The Governor will give a grand reception to-night. Ten coaches from New England arrived last evening filled with visitors.

AROUND THE WORLD

On a Bicycle—But He Will Take Ship Across the Ocean.

ELKHORN, Ind., July 17.—Last evening James Clegg, an Englishman, who is making a bicycle tour of the world, passed through this place. He left San Francisco April 23 and expects to reach New York about August 15, where he takes ship for Europe. He will again mount his bicycle for Copenhagen, where he is returning to an Englishman. He averages about fifty miles a day. He is also writing a description of his travels for publication.

PASSenger Rate War.

NEW YORK, July 17.—A special from Cleveland, Ohio, says a cut in the passenger rates of the New York and return has been made by the New York Central. The price is to be paid for the round trip. The cut is made by the ticket plate and West Shore. Old tickets are being used over the West Shore line. Competing roads claim that the old tickets will be used, but the New York Central, they say, in the cut will eat into rates too. Captain Fink will probably remedy the matter at once.

A DISEASING LIFE.

BILLINGS, Mont., July 17.—A destructive fire commenced in Nickle's saloon here last night, and has burned down some of the principal business houses in town. The fire did not spread rapidly. It was quickly extinguished. The block and the western adjacent block were threatened, also as the headquarters, hotel. Total loss on buildings, \$34,000. The loss on stocks can not be ascertained, but the greater part of them were saved.

Catch It by All Means.

OTTAWA, Ont., July 17.—The Government has been officially informed that Louis Riel, who led the rebellion in 1870 is heading the Indian agitation in the Northwest in regard to the sale of the lands of the Indians. Riel, since his expulsion from the country, has always been regarded as an agitator, and it is believed that his counsel has led nearly all the trouble the Government has had in seeking to quell disaffection to the crown and blunder."

Overproduction.

ATLANTA, Ga., July 17.—The cotton market of the presidents of the largest cotton mills have agreed to reduce the production at least 25 per cent. by shutting down part of each week.

Going to the Mountains.

WASHINGTON, July 17.—President Arthur will leave Washington to-morrow and accompany General Sharpe to his home.

CONDENSED NEWS.

LORD BIRKBECK will still oppose the Franchise Bill.

TRACY is about to adopt the International Postal Service.

ANDREW BUCKNER drowned while bathing near Youngstown, Ohio.

The French found in Madagascar will only try to hold their coast points.

Troy will appoint Mons. Dusserre to the Archibishopric of Carthage, about to be created.

The Blaine and Logan ratification meeting at Grand Opera House, New York, Tuesday evening, will be held for the time of the session of Congress.

Mr. Everts and Senator Hawley.

The Harry Hill Publishing Company, of Norwich, Conn., have been granted an injunction by the United States Court, against H. F. Smith & Co., Columbus, Ohio, to restrain them from selling Blaine's "Twenty Years in Congress."

DENNISON tried to escape from Marshal Maher, of Glenallen, while taking in the country, but was captured after twenty years, and in fact died from it. My arms, breast and head were covered for two years, nothing relieved or cured me, and I was compelled to give up my family, and die.
